September Meeting – Welcome / Lets Get-Acquainted

Date: Tuesday, September 20, 2011

Schedule:

- 5:30 p.m. Meet outside at the Best Taste Chinese Restaurant
- 5:40 p.m. Get a Complete Meal from the Buffet
- 5:45 p.m. Dinner (free for AIChE and local members)
- 6:15 p.m. Discussion of upcoming meetings and events for the Indianapolis Section of AIChE

Description: Please plan on joining us for our first meeting of the 2011-2012 Local Section Year; our Networking and Planning Meeting including introduction of this year's Officers. We will partake in a buffet dinner followed by our meeting including the introduction of Officers.

Location: **Best Taste Chinese Restaurant**, 917 Indiana Avenue, Indianapolis, IN (Ph: 317-684-1818).

From downtown Indianapolis, going northwest on Indiana Avenue, just before the intersection with 10th street, turn right into the strip shopping area, go around to the back or north side to park by the restaurant.

RSVP: Please RSVP to Dr. Alan Schmidt, at aschmidt@idem.in.gov or telephone at 317 233-5190 to give some idea on attendance, but just show up if it fits in at the last moment.

Price: To encourage attendance, the meal cost for local AIChE section members will be covered by the local section.

From the Chairman ...

Thank you for your continued support and interest in AIChE, Indianapolis Section. This year's officers, which were elected at our last meeting in May, are Tom Leas for Chairman, Mike Wertz for Vice-Chairman, and John Elliot for Secretary/Treasurer. Alan Schmidt will become past-Chairman. Also, Kevin Keating will serve as the Distillate Newsletter Editor and Karl Schnelle will serve as Webmaster, We look forward to another great year of activities including plant tours, speakers, and other events.

In the News.....

The American Chemical Society (ACS) Indiana Section will celebrate National Chemistry Week on Saturday, November 5, 2011 from 10 am – 3 pm at the Children's Museum in Indianapolis! They have invited our local AIChE section and other groups to participate in the activities. The theme for this year will explore the positive impacts of chemistry as it relates to nutrition, hygiene, and medicine. Let me know if you have a chemical engineering suggestion for a 1 minute tabletop presentation that may be of interest to young attendees (3rd - 8th grade level). Previous AIChE presentations for the event have included "Silly Putty Pull", "Chemical Match Game", and "Disappearing Biodegradable Peanuts". We also need volunteers to help staff our booth.

Sanitec Industries (www.sanitecind.com) and Organic Power Solutions (www.organicpowersolutions.com) have announced a joint venture to create a waste to energy facility here in Indianapolis. Both companies have hosted tours for the Indianapolis Section of AIChE. Karl Niemiec, who works for Sanitec, is also a local AIChE member. Another tour is expected to be arranged after the new company forms.

The AIChE Annual Meeting is the premier educational forum for chemical engineers interested in innovation and professional growth. A wide range of subjects relevant to latest research and newest technologies in emerging growth areas will be covered.

The AIChE Chicago Local Section and the Department of Chemical Engineering at the University of Illinois at Chicago (UIC) are holding AIChE's 2011 Midwest Regional Conference on November 10 and 11.

The sessions will feature invited presentations by leading governmental, industrial and academic professionals and focus on the challenges and the opportunities involved in our profession. With a thought provoking theme of "Energy is everything – Game Changers", this year's talks will help us better understand the many aspects of this critical topic.

A featured aspect of the symposia is a high school student outreach program for local schools. The featured speaker is Dr. Al Sacco — Dean of College of Engineering at Texas Tech University and former NASA astronaut.

Other highlights include sessions designed for young professionals and local university research programs and updates.

This is a great opportunity to earn Professional Development Hours at this meeting, which may be used to satisfy continuing professional competency for P.E. and other licenses.
